Hello everyone –

We will begin accepting membership dues for the 2019-2020 year (September-May) at the April and May meeting and by mail until July 31, 2019

At that time the book will need to go to the publisher and so those not turned in will not be listed in the 2019-2020 directory.

This is a change from the past but as you know we now have a new printer who has different timelines and requirements. I look forward to each of your memberships being extended for next year.

Our end of year lunch will be held on May 15, 2019, 11:30 AM at the Preserve. Price will be all inclusive \$25.00 and checks need to be made payable to the Plantation Garden Club. We will collect these at the March and April meeting to turn in to the Preserve by April 30. Payment cannot be can be accepted at the door and those not reserved will be unable to attend.

If you have any comments about this newsletter, please contact Liane at: [33violet@comcast.net](mailto:33violet@comcast.net). Be sure to put "Newsletter" in the subject line.

These are important dates we need to remember and put on our calendar now. Look forward to seeing you at each and every event.

### Dates to Remember

**March 16-17-Garden Fest**

**March 23, 2019-11 AM- Friends of Library Authors Luncheon**

**April 13, 2019-Woman of the Year Lunch**

## Gardening Wisdom from Roxie Pelliccia

(Reprinted from the PGC Newsletter February 2017)

Since it is still winter, we need to be ready for a freeze. We don't get many freezes, but it only takes one to damage all of your nice plants. Move any potted plants into your garage, if you don't have one, group all pots against a south wall and cover them with black plastic sheets or blankets. Orchids should come inside your home the day before, make sure everything is watered well. You will be happy you did the extra work.

We can still plant vegetables, such as, peppers, tomatoes, spinach, corn, collards, beans, eggplant, cucumber, broccoli, these all like cool temperatures. Most bulbs can be planted now, caladiums are one of the best for lots of color. Daylilies and amaryllis are good too.

Dry season will be with us for a while so use plants like Bougainvillea, crown of thorns, all succulents for pots and dry areas.

A garden quote: *"I can enjoy flowers quite happily without translating them into Latin"* - Cornelia Otis Skinner

Enjoy your garden!

Thanks to those who helped take down the PGC Christmas Tree!

## 🌸🌸🌸🌸 MARCH MEETING! 🌸🌸🌸🌸

**Marcie Chacon** will be teaching a class on flower arranging at the March meeting. She asked me to include the following information:

The Club will be providing the flowers, but it would help if you could bring the items below to the meeting:

- Rubber gloves
- Knife/clippers or flower shears
- Vase or container (small or medium)
- If you have floral foam, floral tape or flower preserve packets (usually comes with fresh flowers) 😊
