♥ **HAPPY**
Valentine's
DAY ♥

Feel the beginning of spring

Enjoy the time outdoors without the oppressive heat.

Begin planting gardens of flowers or vegetables.

Rewind those old "to do" lists and start the projects now.

Uppdate your calendar with all the upcoming activities.

Ask other new people to attend our Garden Club meetings.

Renew communication with those you "meant to call" during the holidays

You-take care of you- physically, mentally, socially, and spiritually.

My message to all of you this month is simple. February is the beginning of a new year after the doldrums of winter and the frenetic pace of the holidays. Now take time to renew, reflect, and re-do those things you have been putting off or ignoring.

Many activities lie ahead in the coming months. We need everyone to be ready to be actively involved in the meetings, the sales, the social activities and the fun and fellowship that we experience at each and every gathering of the Plantation Garden Club. Hope to see all of you very soon at the February meeting.

Peggy

RE: Grant Award Acknowledgment

Dear Ms. Brown:

On behalf of The School Board of Broward County, Florida, I would like to thank you for the recent Plantation Garden Club grant award of \$300.00 to Peters Elementary School. Through the generous support of Plantation Garden Club, this grant will help the District achieve its Strategic Goal of providing High-Quality Instruction.

Broward County Public Schools (BCPS) is the sixth largest school district in the nation and the second largest in the state of Florida. BCPS is Florida's first fully accredited school system since 1962. We appreciate partnerships with organizations like yours that are willing to support our mission to educate all students to reach their highest potential; and because of that continued support - we are gaining momentum! BCPS has achieved the highest graduation rate since 2011; 96% of schools earned an A, B, or C from the state; and BCPS is proud to offer the largest debate program in the nation in all middle and high schools with approximately 15,000 student participants. BCPS is the only District in Florida selected to participate in the Kennedy Center's Turnaround Arts Program. These are just a few examples of results that are possible when public/private grant partnerships are developed and nurtured.

If you have any questions or require additional information regarding the implementation of this grant, please contact Susanna Deutsch, Principal - Peters Elementary School at susanna.deutsch@browardschools.com or 754-322-7900.

Sincerely,

Stephanie Williams-Louis

HAPPY VALENTINE'S DAY!

In honor of Valentine's Day, here is a **list of interesting facts about roses!**

- George Washington was the first U.S. rose breeder. The rose has been the U.S. National flower since 1986.
- The largest rose ever created was a pink rose that measured approximately 33 inches in diameter!
- Roses have been used for medicinal purposes for centuries. Rosehips, the berries that grow on a rose plant, are a very rich source of Vitamin C.
- There is a supposed 1,000 year old rose that grows in a cathedral in Germany!
- There are about one hundred species of roses.
- The rose is the favorite flower of 85% of Americans.

WELCOME
